### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest the invention as claimed.

Independent claims 1 and 14 are method claims for measuring an object that require to determine a specific function or look up table and use this information to determine measurement error data corresponding to zero probe force and output specific measurement data corresponding to the object, in combination with further method steps.

The independent claims are neither suggested nor disclosed by the art of record.

Therefore, claims 1-26 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
